

COSHH – Assessment Sheet

Company: ServiceMaster Clean by Deeland Ltd	Date: Jan 2025								
Product: Stainless Steel Cleaner	Main Hazardous Constituent(s): Acetic Acid CAS No 64-19-7								
Where Used: High performing, unperfumed ready to use liquid with quick and efficient cleaning action. For use on all types and grades of stainless steel.	Risk Stated: H226—Flam Liquid 3 H314—Skin Corrosive 1A H318 Eye Damage 1 Those at Risk: Personnel working with the concentrate.								
Hazard Form: Clear liquid, colourless, unperfumed	Risk Via: <table border="0"> <tr> <td>Inhalation</td> <td align="right">Yes</td> </tr> <tr> <td>Absorption through skin</td> <td align="right">Yes</td> </tr> <tr> <td>Ingestion</td> <td align="right">Yes</td> </tr> <tr> <td>Contact with eyes/skin</td> <td align="right">Yes</td> </tr> </table>	Inhalation	Yes	Absorption through skin	Yes	Ingestion	Yes	Contact with eyes/skin	Yes
Inhalation	Yes								
Absorption through skin	Yes								
Ingestion	Yes								
Contact with eyes/skin	Yes								
Health Effect(s): Skin—Prolonged contact may cause redness, irritation and dry skin Eye—May cause temporary eye irritation	Exposure Limits: Acetic acid Short term exposure limit (15 minute) WEL 20ppm 50mg/m3 Long term exposure limit (8-hour TWA) WEL 10ppm 25mg/m3								
Handling/Usage: Provide adequate ventilation. Avoid contact with skin and eyes. Store in tightly closed, original container in a dry, cool and well-ventilated place.									
Personal Protective Equipment: Skin—For users with sensitive skin it is recommended that suitable gloves are worn. Wear appropriate clothing to prevent repeated or prolonged skin contact.									
General Assessment: For use on all types of stainless-steel equipment. Cuts through grease and grime, leaving a streak free finish.									

COSHH – Specific Safety Instructions

Material:	Stainless Steel Cleaner	
Protective Equipment:	Exposure Limits:	As above
	Ventilation:	Use with sufficient ventilation.
	Respiratory Protection:	Respiratory protection is not required.
	Eye Protection:	No specific eye protection required in normal use.
	Hand/Skin Protection:	Wear suitable gloves.
First Aid Methods:	Inhalation:	Move affected person to fresh air at once. Rinse nose and mouth with water. Get medical attention if any discomfort continues.
	Skin Contact:	Rinse immediately with plenty of water. Remove contaminated clothing. Get medical attention if irritation persists after washing.
	Eye Contact:	Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if irritation persist after washing.
	Ingestion:	Never give anything by mouth to an unconscious person. Do not induce vomiting. Rinse mouth thoroughly with water. Get medical attention if any discomfort continues.
Fire:	Extinguishing media:	Not flammable. Use fire extinguisher media suitable for the surrounding fire, foam CO2 or dry powder.
	Special firefighting procedures:	Wear Positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.
	Unusual fire & explosion hazards:	Thermal decomposition or combustion products may include the following substances: Oxides of carbon. Toxic gases or vapours.
Storage:	Store in tightly closed, original container in a dry, cool and well-ventilated place.	
Transport:	This produce is not covered by international regulations on the transport of dangerous goods. (IMDG, IATA, ADR/RID)	
Spillage:	Collect and dispose of spillage. Do not discharge into drains or watercourses or onto ground. Stop leak and absorb in vermiculite, dry sand or earth and place into containers. Flush contaminated area with plenty of water.	
Waste disposal:	Product:	Disposal should be in accordance with regulations
	Container:	Disposal should be in accordance with regulations
